

How Are We Funded?

Since 1999, PrayerChain.org has offered inspirational programs and materials without cost or obligation to millions of people around the world. Today we remain committed not to burden our friends and members with fundraising appeals.

As a result of this practice, many people have assumed that our work is underwritten or sponsored by a large organization or denomination. This, however, is not the case. Instead we have enjoyed a wonderful partnership with thousands of individuals, families, and churches who have voluntarily contributed to make our nondenominational work possible.

This Internet site is now increasing our opportunity to make audio, video, and print content available to those who have Web access. Through it, we regularly offer additional resources for a gift of any amount. This open-handed approach is designed to make our resources available to anyone who wants them, while also covering our costs. Anything above that will go toward the fulfillment of our mission.

To DONATE to us and help continue our mission, please enter an amount into the donate Paypal box and click DONATE. Our financial arm CheckoutClerk.com, Inc., will receive your donation in a completely secure environment. You DO NOT NEED a paypal account to use this service.

Thank you for considering helping us carry our mission of Prayer, to the millions of people around the world who seek and offer. God Bless You!
